

# TechXpress - Application Form for PIs

---

## TechXpress

### Project Funding Application

Note: All information in this form is provided to TechAdvance Reviewers under a confidentiality agreement.

#### 1. Application Information

Applicant First Name

Applicant Last Name

Department

Phone

Email

Mailing Address

Date of Application

#### Application ID

Please provide the top 5 Keywords that you would use to describe your project.

## 2. Project Title

Please provide a one-line description of the project's topic / objective.

## 3. Rutgers Technology ID Number(s)

Please provide the docket number(s) assigned by ORC to the disclosure covering this technology. If there are multiple dockets, please provide all docket numbers that are applicable.

## 4. Please list any past or current academic and industry collaborations related to this project.

## 5. Please list any planned or potential future academic or industry collaborations related to the commercialization of this project.

## 6. Rutgers TechXpress Application - Part 2

Please download and complete the TechAdvance/TechXpress Application - Part 2 form, which can be found in your Resources tab located at <https://techadvance.fluidreview.com/res/>. Once completed, you can upload it using the TechAdvance/TechXpress Application - Part 2 link located under your tasks on the main application page. Note: Be sure to Save and Exit this section of your application form (TechXpress Application - Part 1) using the green button below.

## **7. TechXpress Budget**

Please use the attached TechAdvance Budget Form to provide budget information broken down by staff, equipment, consumables, and any other applicable expense, as well as a breakdown by milestones.

## **8. Supplemental Information**

You may provide any additional documentation. We encourage you to submit a list of grants received and any reviews for other grant applications you have submitted for this technology or related work. Please save this application and then attach any relevant documents to your application using the Additional Documentation section on your main application page.
